

Mr. Alexis Plasencia Leos

Originally from Durham, NC, Alexis Plasencia Leos is a current sophomore student at NC A&T State University. A proud son of immigrants and a first-generation college student, Alexis is pursuing a B.S. in Electrical Engineering and hopes to serve as a role model for future Latinx youth pursuing STEM-related careers while working on his passions. Currently, Alexis is a scholar in the Scholar on Campus program at the Emily K Center, is Vice President of Estamos Unidos, the Latinx student organization at NC A&T, and serves as a tutor for ECEN 101 students all while working as a Project Manager for the National Engineering League. Alexis looks forward to growing as a scholar and future engineer through the NEL!
