

Mr. Mark Anthony Nunnally

Mark Anthony Nunnally is a Mathematics and Science Professor of 20 years with a B.S. Cum laude degree in Physics. Mark has taught STEM related lessons as an Elementary School Teacher, Middle School Teacher, High School Teacher, GED Instructor, College Professor, Chess Coach, and Financial Matters Coach. He is an expert at teaching and coaching students to make the connections between STEM subject matters and the lives that students lead as young people.

Mark is the founder of The School of Real Superior Human Intellectual Techniques, an institution for education in the 9 areas of daily human activity as they relate to science and mathematics. Mark also serves inner city communities as a Financial Matters Coach for inner city youth who are at risk of never receiving an education in finance.

As an Educator of 20 years, Mark is dedicated to the gift of benefit for an indefinite number of students who are under the influence of education. He strives to keep assisting students to establish themselves in life while he also continues to aid in building and maintaining public works that work for all.
